Dear Steve,

You were wonderful and fair. Many thanks.

We have sent free copies of all our books to Jerry Foy, 1950 Commonwealth, Brighton, for talking records for the blind.

If anyone else wants them for the same purpose, please tell us where to send them. Free, of course.

Hope we can do it again soon, perhaps when my New Orleans book is out. You'll get one of the first copies, whenever it is.

Did you notice that it is the college man who most fears the truth, who most and illogically wants to sweep it all under the rug, while the everyday workingmen, with less education but better understanding, knows something is wrong and wants it right. God bless them!

Our deep thanks,

Sincerely,

Harold Isbell
